Our Motto :

Preparing highly motivated, dedicated and innovative minds to lead India into the real world where everybody is superior to others but nobody is inferior to anybody.

About Us:

Jain School is a name one can count on. M. D. Jain School is one of the best institute of Kosi Kalan which has been progressing continuously for 160 years in the field of education. The school is run by Sri Jain Shiksha Society Kosi Kalan which is affiliated to CBSE Delhi. The foundation of M. D. Jain Public School was laid by the lotus hand of Shri K K Jain Faridabad with the blessing of Swetpichhacharya 108 Shri Vidyanand Ji Maharaj.

Its construction work has been done under the direction of Shri Omprakash Jain, Shri Kailash Chand Jain Chandoriya secretary and all the members of Society. It is on the platform of continuous progress.

The name of M. D. Jain Public School itself is enough to insure quality. The main motive of this institution is not only groom the personality of the students but also makes them independent, morally strong, highly stabled and dynamic in their respective fields.

Manager Message :

M.D Jain Public School is committed to provide education that helps to develop students into balanced personalities, with sound value of love, kindness, devotion and service better self.

Each and every disciple will groom up to be a well-balanced personality with internal and external values carrying forward the vision of the school. They will learn to speech across and embrace the difference across varied culture. They will develop their potential by believing in themselves a capable individual. They will learn to create, to lead, to love and live life-fully to provide a quality education. We have well equipped chemistry, Physics, Biology & Mathematics lab and provide a very good & healthy environment to our students.

M. D. Jain Public School provides an Energetic team of dedicated & result oriented teachers with a diversified range of knowledge and experience. They are committed to build appropriate attitude in students by developing a potential for achieving ultimate excellence in life.

For good & Golden future for our students.

Kailash Chand Jain 'Chandauriya' 

Principal Message

"Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations".

M. D. Jain Public School aims to create a supportive and inclusive environment where gifted and talented students are encouraged to explore their potential and achieve their best in all aspects of school life.

We offer a broad curriculum and a range of opportunities for all our students to achieve excellence in academic, creative, social, cultural, sporting and community endeavors. We value collaborative learning, positive relationship and building capacity amongst our students effectively and allow them to engage in the world of future where problem solving, evaluating, working in teams, communicating, creating and innovating are not only valued concepts, but

expected skills, attributes and capabilities. Our excellent results at the CBSE board examinations bear testimony to excellence of teaching staff that create a challenging and stimulating learning environment. This helps our students for their future education.

"If a plant is carefully nurtured by a gardener, it will become good, and produce better fruits." Therefore, children must be given a good training from their earliest childhood. We are here for the same. I am sure that our students of today, tomorrow will carry forward the Motto of love and unity entrusted in their hands at M.D. Jain Public School. We look forward to serving you and your children over the coming years. With all my love, best wishes and blessings

Narendra Kumar Sharma 

School Infrastructure :

M.D Jain public School which has different educational amenities in its every corner. "School's infrastructure is the pillar of its success". All the possible efforts have been made to make it perfect with all round teaching so that the infrastructure can give the strong back-bone to the school & its students.

Library :

Library is said to be the heart of an educational institution. Our library is properly managed having a large number of books on various subjects. School provides the facility of issuing the books to the children on their library cards. Students can study a variety of books concerning their interest and need.

Computer Lab :

The computer lab is fully equipped and well maintained with uninterrupted power backup and internet facility. Computer is taught as a compulsory subject to the students of all classes. Availability of internet connection facilitates the students in keeping their knowledge up-to-date and connects the students with all important links world wide.

Mathematics Lab :

Mathematics is the science of calculations, shapes and sizes. In Math's lab children learn about different practical concepts of mathematics that they find difficult to understand theoretically. Maths' lab has made mathematics easier and interesting for the students who found it difficult earlier.

Science Lab :

The School has well equipped laboratories for Physics, Chemistry and Biology. Laboratory teaching and experiments help and encourage deep understanding of subject in students. Students retain the knowledge learnt, when they get a first-hand learning experience by performing various experiments on their own. They do not merely replicate textbook procedures but devise and evaluate their own experiments too.

Students are made to use the Anatomy models, physics instruments and chemistry apparatus and chemicals to understand different scientific theories and concepts. The lab is regularly equipped and updated with latest equipments, instruments, specimens, charts etc. as per the requirement with proper safety measures.

Transportation :

The school has its legal & independent extensive network of transport system for all around region. We have transport access to all the major routes of the area. The Quality of the transport system is proven and saves the valuable time of the students.

School Clubs :

In order to encourage students to participate in various programmes and widen their horizon and experience which is important for their all round development. The school has the following clubs and forums.

1. Eco-Club:

The Eco Club has been integral part of the school activities. The objective of the club is to create awareness about Environmental Degradation and steps to prevent the same. Waste Management, Water Pollution, Rain Water Harvesting, Save Sky by taking measures to prevent depletion of ozone layer, are some of the important issues. The motto of Eco-Club is to minimize the use of plastic bags, no crackers and smokeless diyas.

2. Science Club:

This is meant to create in our students increased interest and love for the day to day scientific achievements of the modern world. This would help to tickle their curiosity to know more about the thrilling and marvellous contribution of the modern science has offered to humanity. Ultimately this would help the students to equip himself with the creative mind to eradicate poverty and misery from the earth.

3. Mathematics Club:

There is a genuine place for a mathematics club in our school where the psychological development of a child is always given the first priority.

In this club the students get opportunities to develop their hobbies and participate in recreational mathematics, project games, discussions, debates and quizzes.

4. *Dance Club:*

Dance is the manifestation of the joy of body, mind and the soul. We are blessed with many boys and girls who are born dancers. What they need is fine tuning of their talents. We are providing ample opportunities to our students to develop their dancing skills. Dancing is one of the best form to develop their dancing skills. Dancing is one of the best form of exercise to burn out their excessive calories.

5. *Health Club:*

"Health is the physical, emotional, mental and spiritual well being of an individual".

We carry out various activities constantly throughout the year. Age specific personality development courses are offered to the students.

6. *Public Speaking Club:*

Public speaking is an art every student must develop.

Public speaking helps to develop confidence among students, and enables them to be better prepared to take on leadership positions in future life. To be confident leaders, efforts have to begin at primary level. Hesitation and failure to present thoughts clearly is a prominent feature in today's child. To bring up our students' communication skills to global standards, the Public Speaking Club endeavors to bring about substantial change in oral communication skills amongst the students.

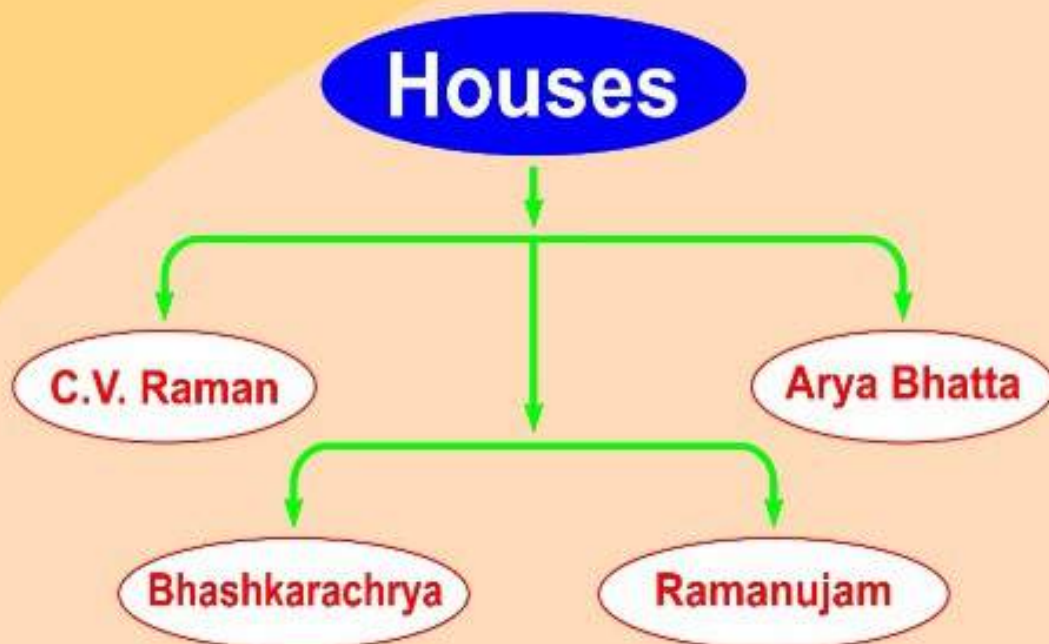

Parent-Teacher Interaction :

Along with the teaching community, education is a combined endeavor of parents and society. The school has succeeded in developing an active organization of the parents. The school organizes PTM on regular basis. It is compulsory for all parents to attend PTM. They can meet teachers and know the progress of their wards, if needed, may even discuss the individual problems of their children and put forward their valuable suggestions.

School Houses System :

The School is running house system. It is compulsory for every student to be a member of a concerned house. The main idea of the house system is to provide qualitative training of leadership, co-operation, mutual understanding and self reliance. Different types of activities organized under the house system such as dramatics, quizzes, recitations, debates, group songs & dances. Besides that the students are trained in community service and social work. The school is divided into following five houses as follows -

Activities

M.D. Jain Public School is an imposing centre of knowledge with stylish ambience. It is a motivating space for aspiring knowledge. The building is surrounded by beautiful garden and play ground. This learning centre consists of modern classrooms and laboratories.

Co-curricular Activities:

The school offers a wide spectrum of co-curricular activities aimed at developing the talents and creativity of the students. Physical and mental training, athletics and games, computer studies, literary activities and drawing are offered.

Games & Sports:

Games and sports are crucially important for the development of the mind and the body. We have the facilities of indoor, outdoor games such as. Basketball court, Badminton court, Volleyball court, foot ball and cricket grounds are the main features of our sports domain. The school has appointed special coaches for different sports activities. We prepare our students for various levels of achievements in various sports competitions.

Yoga & Meditation:

Yoga and meditation have been essential ingredients of education since ages. At M.D.J.P.S. we have exceptional professionals to teach and practice yoga and meditation to our students. To do regular practice and exercise in the natural surroundings gives an additional benefit to our students.

Scout & Guide:

The Scout & Guide camps are organized in the school campus on regular basis in which children are engaged in various constructive works. Certificates and awards are given to the students on the basis of their performances.

Work Experience:

This is divided into essential and elective areas. Essential area covers community service and campus cleanliness. Elective area offers a wide range of activities to cater to the creativity of the students and to enable them to appreciate dignity of labour. Computer Literacy which is offered right from Standard. The students become part of the elective area in work Experience. As the children grow, their roles, responsibilities, aspirations and environmental context changes. This brings about the need for developing new insights in life skills.

Faculty :

Our teachers are selected based on expertise as well as for qualities such as dedication, patience and devotion. Further, they are innovative in making learning a pleasurable adventure. They inculcate a desire in the young minds to learn and excel. Classrooms at M.D. Jain Public School are not merely a podium for tutors to enlighten students. but a place for students to shed their inhibition and discuss issues freely. Our faculty regularly participate in seminars and workshops on child education for updating the developments. We encourage our teachers to experiment with new methods of teaching both indoor and outdoor.

Medical Checkup :

All children of the school are subjected to regular medical check up to ensure optimum growth at all stages of childhood. All student will be under the supervision of an expert. A medical professional will monitor the students, advise and regulate the life style such as exercise, diet, medicines and vitamins intake. We conduct regular camps for parents to make sure that everything goes smooth in the family environment too. Experts from renowned hospitals conduct these camps. All parents are encouraged to avail this great opportunity.

Educational Tours and Excursions :

Adventurous activities are a part of school curriculum. Students are sent for educational and recreational excursions, picnics, museums, art galleries etc. Sometimes they go for trekking, rambling, hiking (long walk), rock climbing and mountaineering too.

Play way Education method :

Children start to explore the world around them as soon as they are born. At M.D. Jain Public School, the play group curriculum enables children to continue their exploration. Early experiences in the first few years of life are critical for acquisition of skills as maximum brain development happens during this period. The objective of the program is to train parents to help them foster their child's development by learning and practicing child development through a scientific approach. This program will foster social, aesthetic and motor skills in young children. This program helps infants and toddlers to develop their latent language and maths skills through the Glenn Doman method.

Counseling and career guidance :

Education prepares the citizens of tomorrow. Our future citizens must take up careers for which they have the flair. Most students are unaware of the various career options available to them. They stumble on their way in life trying to discover what they are the best made for. Trained student counselors, using aptitude tests and a series of other tests, help children in the process of selecting appropriate careers, taking into consideration of their academic, extra curricular performances, interests and aspirations. A counselor emphasizes life skills, study skills and decision making process.

Aims and Objectives :

- To promote educational and social welfare of the students for becoming worthy citizen.
- To develop leadership quality among the students.
- To mould character, inculcate discipline and spirit of unity amongst the students.
- To develop right mental attitude to generate a culture of participative, intimate and personalized student teacher relationship.
- To develop a child harmoniously and holistically by emphasizing on his physical, cognitive, emotional aesthetic, social and spiritual needs and development.
- To emerge the constructive part of the student so that they can be the pillars of nation's construction.
- "There is no education without moral education" keeping this motto in mind, we are committed to provide them the moral education to build their high esteem & character.
- The school is determined to motivate the student so that they can enhance their confidence and will be able to serve the country with full efforts, having motivational and quality education they would be capable of making this world a better place to live in.

Rules and Regulation :

- Students are required to bring their diaries to the school everyday.
- If a student remains absent for six days or more, his/her name would be struck off.
- The school reserves the right to dismiss those whose progress in studies is steadily unsatisfactory or whose conduct is harmful to others.
- Students are advised to keep their classrooms, school building & campus very neat and dispose off the leftovers or wastes in the bins only.
- Using unfair means in the exams in worth possible offence committed by any students or a student indulging in it would be restricted from school and declared failed in the exams.
- Students should get their progress reports signed by their parents and return them to the school authorities within three days of the receipt.
- Students should come to school daily in neat and clean uniform with clean socks and well polished shoes and I-Card.
- Once a child has come in the school, he/she would not be allowed to go home on half day leave or leave from a period.
- If a student is found in possession of mobile, i-pod, music system or any other expensive article, the school shall confiscate and won't return it back.
- In case a student loses any expensive item (Watches, Pens, Jewellery, Money etc.) the school shall not be responsible for it.
- Keep your class room and other property of the school clean.
